The Adivasis are the owners of the 'Jal Jungle Jameen'. But, water and land are privatized and commercialized. Our forests are destroyed for industrialization which pollutes the atmosphere. As a result, Adivasis have lost their life and habitat. So let AICUFers become aware of the exploitation...Let the Adivasi students be facilitated to know the problems that are affecting them so that they emerge as leaders among Adivasis to claim share in development.

an Egalitarian Society by Breaking the Barriers and
Asserting Dalit Identity

Dates: May 24th (9 am) – May 28th (4 pm)
Venue: Patna, BIHAR.
Participants: 4 Students from each AICUF state

As a result of multiple identities bestowed on the Dalits by the dominant caste, the real identity is not asserted by the Dalits. Too many barriers have been created to silence the Dalits to become voiceless and silenced. To break this, the programme aims at an intensive live-in experience and exposure in the Dalit villages on the banks of the Ganges and reflections on the exposure experience would help formulate new and analytical orientation for oneself and the movement to create awareness among Dalit students and to encourage Dalit students to work for Dalit empowerment.
